Dear Planning,

Environmental Health has no objection in principle to this application. We would like to make the following points:

1. Chapter 6 of the DAS states that 6.4 is Air Quality Mitigation, but it is actually SUDS. Please could the applicant amend this to add the correct information?
2. Environmental Health is satisfied with the acoustic report provided that mitigation measures detailed within are adhered to. Please could this be conditioned?
3. Environmental Health is satisfied with the air quality report provided that the mitigation measures detailed within are adhered to. Please could this be conditioned?

Regards

Fiona Fitzgerald
