Dear Miss Burrows,

Further to your letter requiring further information on the above planning application I attach the validation checklist the biodiversity checklist (2 parts) and the planning statement/cover letter. In addition I confirm there have been/will be no structural changes to the building in connection with this application. Also regarding the Lidsey Foul Water – Environmental Assessment I confirm that this is not required as this is an existing commercial unit with no alterations or changes to the existing connection to the foul sewer or existing surface water drainage.

I trust the application is now complete.

Kind Regards

Gail
