Dear Mr Carver,

Thank you for providing this information. I will seek to get this uploaded to the Arun District Council website and re-consultation to be undertaken with Ecology. I would be grateful if you could provide written confirmation of your agreement to an extension of time until the **28th April 2017**.

This extension of time will provide 21 days for re-consultation and will allow the application to be presented at Development Control Committee on the 26th April 2017 should a recommendation for approval be made.

Please do not hesitate to contact me should you have any further questions.

Regards,
David Easton

Hi John

Please see attached a brief Outline reptile mitigation strategy. There is really only so much that we can put in this given we don't know what species or population is present.

I have also updated the walkover survey so please V2 attached.

Cheers

Daniel

Dear Mr Carver,

I am aware we are still awaiting the completion of the mitigation report in relation to lizards. Therefore, I would be grateful if you could provide written confirmation of your agreement to an extension of time until the 3rd May 2017. This should provide additional time for re-consultation and the preparation of a recommendation report.

Yours Sincerely,
David Easton
