Dear Sir/Madam,

Town & Country Planning Act 1990 (as amended)
Town and Country Planning (Development Management Procedure) (England) Order 2015

Application No: WA/63/21/PL
Site Address: Land East of Tye Lane Walberton BN18 0LU
Description of works: Proposed alternative vehicular accesses off Tye Lane and emergency access off Avisford Park Road, along with minor highway works following WA/95/18/RES (resubmission following WA/93/20/PL). This site is CIL Zone 2 (Zero Rated) as other development.

Thank you for your internet representation made on 23rd July 2021 which has been recorded as an objection with the comments as follows:

OWPC38714

I object to this application for the following reasons

The proposed Tye Lane access would send more vehicles through the village rather than around on the main roads. The village road narrows at the very centre of the village by the school and traffic to and from would be sent via this route instead.

There is a Walberton Neighbourhood Plan policy for traffic management because of this narrow width through the village.

There has been no community engagement as stated in the application with either my household in Walberton or that of any of my neighbours in Walberton.

The Yapton Lane access is safer than the Tye Lane access to join the A27.

The proposed and much needed cycle route access via Tye Lane would be lost.

Thank you for your time

Your views as made above will be considered before the application is determined.
