Dear Sir/Madam,

Town & Country Planning Act 1990 (as amended)
Town and Country Planning (Development Management Procedure) (England) Order 2015

Application No: WA/63/21/PL
Site Address: Land East of Tye Lane Walberton BN18 0LU
Description of works: Proposed alternative vehicular accesses off Tye Lane and emergency access off Avisford Park Road, along with minor highway works following WA/95/18/RES (resubmission following WA/93/20/PL). This site is CIL Zone 2 (Zero Rated) as other development.

Thank you for your internet representation made on 23rd July 2021 which has been recorded as an objection with the comments as follows:

OWPC38742

I object to this proposal.

If the grey route for the Arundel bypass is built as currently proposed it will block access to the A27 from Tye Lane. In which case, all vehicles leaving the site will travel south down Tye Lane, a very narrow 'rural' lane, and then into the Street, which is unsuited to take more traffic (especially at the start and end of the school day). These additional vehicles will then use the neighbouring lanes, in particular West Walberton Lane (to access the A27 at Fontwell) which is narrow, has blind spots and reduced visibility in places, and no safe walk/cycle way.

If, on the other hand, the Grey Route is not built, then there is no need for vehicular access onto Tye Lane.

In short, an access onto Tye Lane from the development is not appropriate and would lead to increased risk of accidents/injury not just in Tye Lane but in the surrounding lanes.

Your views as made above will be considered before the application is determined.
