Dear Sir/Madam,

Town & Country Planning Act 1990 (as amended)
Town and Country Planning (Development Management Procedure) (England) Order 2015

Application No: WA/63/21/PL
Site Address: Land East of Tye Lane Walberton BN18 0LU
Description of works: Proposed alternative vehicular accesses off Tye Lane and emergency access off Avisford Park Road, along with minor highway works following WA/95/18/RES (resubmission following WA/93/20/PL). This site is CIL Zone 2 (Zero Rated) as other development.

Thank you for your internet representation made on 27th July 2021 which has been recorded as an objection with the comments as follows:

OWPC38852

The final route of the A27 has not been finalized or may not even happen. Highways England is currently consulting on mitigation measures with a revised detailed design due for the A27 Grey route (Grey). If this route should be considered relevant to the present planning route design. One obvious mitigation is to move the proposed A27 route slightly north thereby avoiding the entrance to Avisford Grange (AG). I understand that HE is purchasing properties on Yapton Lane that are blighted by the proposed route; therefore should the next A27 bypass design still affect access to AG then HE would be able to provide access onto Yapton Lane via their newly purchased land. Such access would be eminently more suitable for both the safety and amenity of access. Tye Lane is far too narrow for safe two-way traffic. From Tye Lane, the huge volume of extra traffic from 175 homes through the village in all directions and particularly in the centre of the village which already is already a very congested area, particularly near the school entrance and pub. Tye Lane access for other sites has been refused by ADC.

Your views as made above will be considered before the application is determined.
