Dear Sir/Madam,

Town & Country Planning Act 1990 (as amended)
Town and Country Planning (Development Management Procedure) (England) Order 2015

Application No: WA/63/21/PL
Site Address: Land East of Tye Lane Walberton BN18 0LU
Description of works: Proposed alternative vehicular accesses off Tye Lane and emergency access off Avisford Park Road, along with minor highway works following WA/95/18/RES (resubmission following WA/93/20/PL). This site is CIL Zone 2 (Zero Rated) as other development.

Thank you for your internet representation made on 29th July 2021 which has been recorded as an objection with the comments as follows:

OWPC38964

My objection to this application is as follows:

1. The applicant is now seeking to change a crucial part of the original application. There were good planning objections to access from Tye Lane, which, if anything, are even more pertinent now.
2. Partly this is due to the uncertain route of the proposed A27 alteration which could result in the closure of the north end of Tye Lane, meaning all estate traffic would be routed through the exceptionally narrow main street of the village of Walberton and surrounding lanes, causing extra pollution, nuisance and loss of amenity for current residents.
3. Tye Lane access has been refused by ADC for other sites, presumably on the pertinent grounds that this lane is too narrow for safe 2-way traffic.
4. The traffic data cited by the applicant is flawed and assumes no closure of Tye Lane by the Grey Route.
5. Planning decisions should not be taken solely for the convenience of developers who wish to cynically and opportunistically track back on their original application that should be weighed against the interests of the local community. In this case those interests are clear and overwhelming.

For the reasons stated, please reject this application.

Thank you.
