Dear Sir/Madam,

Town & Country Planning Act 1990 (as amended)
Town and Country Planning (Development Management Procedure) (England) Order 2015

Application No: WA/63/21/PL
Site Address: Land East of Tye Lane Walberton BN18 0LU
Description of works: Proposed alternative vehicular accesses off Tye Lane and emergency access off Avisford Park Road, along with minor highway works following WA/95/18/RES (resubmission following WA/93/20/PL). This site is CIL Zone 2 (Zero Rated) as other development.

Thank you for your internet representation made on 2nd August 2021 which has been recorded as an objection with the comments as follows:

OWPC39106

I strongly object to the application to provide access to the development from Tye Lane. It is impossible to agree with the conclusions of the Transport Impact Assessment that the proposal would have no detrimental effect. Tye Lane is already a narrow carriageway where cars pass in opposite directions with difficulty at certain points. The proposal is to further narrow it to provide a public footpath. Reference to the proposed splayed entrance indicates acceptance that large vehicles are to be accommodated which would further exacerbate the situation. While access to the new development via Yapton Road was undesirable, access via the village centre is totally inappropriate, as would be access from the west via residential roads such as West Walberton Lane.

The application in any case seems premature since the Proposed Grey route of the A27 is still to be confirmed and Highways England should be directed by Arun to preserve the viability of the Yapton Road entrance which is already fully approved and constructed.

Your views as made above will be considered before the application is determined.
