Dear Sir/Madam,

Town & Country Planning Act 1990 (as amended)
Town and Country Planning (Development Management Procedure) (England) Order 2015

Application No: WA/63/21/PL
Site Address: Land East of Tye Lane Walberton BN18 0LU
Description of works: Proposed alternative vehicular accesses off Tye Lane and emergency access off Avisford Park Road, along with minor highway works following WA/95/18/RES (resubmission following WA/93/20/PL). This site is CIL Zone 2 (Zero Rated) as other development.

Thank you for your internet representation made on 2nd August 2021 which has been recorded as an objection with the comments as follows:

OWPC39115

Tye Lane is a totally unsuitable road to accommodate the increased traffic that would result from this application.

This would also lead to a large number of vehicles from the development going through The Street in Walberton Village with its limited access causing further delays and increased traffic near to the village school.

It is my understanding that access for other sites onto Tye Lane have already been refused by ADC. A failure by the developers to take into account the potential impact of the proposed Grey route should not result in granting access to a totally unsuitable road with all the wider implications for traffic flow through Walberton and surrounding area. It is my understanding that Highways England have already guaranteed access to the site at the original point of entry in Yapton Lane negating the need for an alternative access/egress in Tye Lane.

Your views as made above will be considered before the application is determined.
