Dear Sir/Madam,

Town & Country Planning Act 1990 (as amended)
Town and Country Planning (Development Management Procedure) (England) Order 2015

Application No: WA/63/21/PL
Site Address: Land East of Tye Lane Walberton BN18 0LU
Description of works: Proposed alternative vehicular accesses off Tye Lane and emergency access off Avisford Park Road, along with minor highway works following WA/95/18/RES (resubmission following WA/93/20/PL). This site is CIL Zone 2 (Zero Rated) as other development.

Thank you for your internet representation made on 5th August 2021 which has been recorded as an objection with the comments as follows:

Plan is premature as A27 firm proposals are 'miles away'.

If A27 route as currently planned - all Tye Lane traffic will head south into the Street, Walberton. Tye Lane too narrow for uninterrupted flow of vehicles both ways considering number of vehicles, including construction, that will issue from the Avisford Park development. At the southern end of Tye Lane traffic turning east towards Yapton and Arundel will enter a very narrow road, in places without pedestrian access, where permitted parking for the two schools child delivery and for local residents without off-street parking, often result in lengthy jams with large horticultural pantechicans in the narrowest parts near the schools. Traffic turning westward would use West Walberton Lane or Eastergate Lane for access to the A27. These lanes are also unsuitable for these augmented levels of traffic, and without pavements will be much more hostile to pedestrians and cyclists, and pass right through local conservation areas, to say nothing of the noise and air pollution which will follow.

I believe the application for access into Tye Lane should be rejected out of hand, but at least until there is a much clearer set of proposals for the A27.

Your views as made above will be considered before the application is determined.
