Dear Sir/Madam,

Town & Country Planning Act 1990 (as amended)
Town and Country Planning (Development Management Procedure) (England) Order 2015

Application No: WA/63/21/PL
Site Address: Land East of Tye Lane Walberton BN18 0LU
Description of works: Proposed alternative vehicular accesses off Tye Lane and emergency access off Avisford Park Road, along with minor highway works following WA/95/18/RES (resubmission following WA/93/20/PL). This site is CIL Zone 2 (Zero Rated) as other development.

Thank you for your internet representation made on 5th August 2021 which has been recorded as an objection with the comments as follows:

OWPC39284

I have lived in Walberton for 10 years. I have 2 children, one of which went to Walberton Primary and one which is still at Walberton Primary. Whilst generally the traffic through the village is low and fairly quiet during the middle part of the working day and at weekends it is very bad at school drop off and pick up times. During these busy times the general traffic finds it hard to navigate parked cars on the southern side of the road and the flow of pedestrian traffic constantly trying to cross the road all the way down The Street. Often there have been tail back and traffic jams when buses, oversized lorries and tractors have tried to get through when fighting against the school traffic. If the alternative access proposed by the developers is approved this will inevitably end up with more traffic problems through the village at those busy times. Accidents and damage to property will be common place. The current road infrastructure simply isn't capable of carrying the additional traffic that the alternative access will cause. I object to this application.

Your views as made above will be considered before the application is determined.
