Dear Sir/Madam,

Town & Country Planning Act 1990 (as amended)
Town and Country Planning (Development Management Procedure) (England) Order 2015

Application No: WA/63/21/PL
Site Address: Land East of Tye Lane Walberton BN18 0LU
Description of works: Proposed alternative vehicular accesses off Tye Lane and emergency access off Avisford Park Road, along with minor highway works following WA/95/18/RES (resubmission following WA/93/20/PL). This site is CIL Zone 2 (Zero Rated) as other development.

Thank you for your internet representation made on 5th August 2021 which has been recorded as an objection with the comments as follows:

OWPC39286

I strongly object to the proposal of Tye Lane being the access/exit route for the Avisford Grange Development and Avisford Park Road being the second emergency vehicle access point.

Tye Lane is a narrow 'lane' not a suitable road to cope with the volume of traffic coming from 205 houses. It can barely cope with two vehicles passing and is very narrow at the Walberton Village junction. There would be a huge increase in traffic through the village which the narrow village roads cannot cope with. This would be dangerous to the village community and especially children walking to and from school. Tye Lane, as an access point on other applications, has always been rejected by ADC and nothing has changed since these previous applications.

Avisford Park Road is a very narrow, pot holed, unadopted road which regularly becomes blocked by delivery vans and service lorries and so would be completely inappropriate as an emergency vehicle access route.

There has been poor communication, inability to plan and complete lack of consideration to the communities in Walberton, Binsted and Fontwell by both Arun District Council and Highways England.

Your views as made above will be considered before the application is determined.
