Dear Sir/Madam,

Town & Country Planning Act 1990 (as amended)

Town and Country Planning (Development Management Procedure) (England) Order 2015

Application No: WA/63/21/PL

Site Address: Land East of Tye Lane Walberton BN18 0LU

Description of works: Proposed alternative vehicular accesses off Tye Lane and emergency access off Avisford Park Road, along with minor highway works following WA/95/18/RES (resubmission following WA/93/20/PL). This site is CIL Zone 2 (Zero Rated) as other development.

Thank you for your internet representation made on 5th August 2021 which has been recorded as an objection with the comments as follows:

OWPC39290

The potential use of Tye lane as access to the site is wholly unacceptable and dangerous to all Walberton residents. Tye lane is narrow, winding and with high verges. To add this additional access at the proposed location will only increase the danger of the road, dramatically increase the pressure of traffic on the blind T junction of Tye lane and The Street and only increase traffic load through the village itself. This application has only be put to planning because of fears of the A27 Grey route that has not even been confirmed yet. This is a knee jerk reaction that is typical of developers not caring about the current villages they are strangling with new build homes and no new infrastructure. Having visited the 'meet the community' meetings two years ago, with the developers, and having them stand in front of my family and promise them there would definitely never be future applications for the later phases of units being built on the site to have an access from Tye lane; only disgusts me more that there is no responsibility ever taken by developers who are happy to lie and cheat there way through the planning process. This must be declined.

Your views as made above will be considered before the application is determined.
