Dear Michael,

Please accept the following as my objection to WA/63/21/PL

Tye Lane is totally unsuitable for the vehicle access which is being proposed and has been recognised as such by Arun District Council in the refusal of past access applications. The Lane is too narrow to allow safe two way traffic and if passed will substantially increase the danger to pedestrians, cyclists and other non motorised units. It should be noted that this application is very premature as the final route of the A27 has not been decided and has been pointed out by others may never happen.

Kind regards

Richard Smith
