Dear Sir

TPO & Walberton Conservation Area.

Your records will show we have TPO's on some of the trees on our site north of The Street, known to us as The Park.

The large Pine near the entrance had a very substantial branch drop weighing some 1 tonne or more a few days ago, we employed Arun Tree Services (John Bentley) carry out the skilled work to remove this branch. As this tree is close to a dwelling and overhangs the garden, also projects over an adjacent private highway used by various parties we asked for a verbal survey whilst they were in the tree for the branch removal.

We have been advised as a matter of some urgency that they should be employed to overhaul the whole tree and remove all dead, damaged and dangerous sections before any autumn storms.
They have asked us to obtain from you as matter of urgency the necessary written authority to carry out this safety work.

Yours faithfully

J.A.Booker
Director
