Subject: Re: WA/68/17PL - Vehicular farm field entrance adjacent to The Meads, Barnham Lane, Walberton

Dear Anita

The only access to this large grass field is by driving across other fields which may have animals or hay crops in them and is damaging the grass.

The access from the other fields has to cross a ditch where it enters this field. At this point there is a small bridge made from sleepers with large overhanging oak trees each side. The bridge can't take the weight of the larger tractors now used on the farm and the tree branches are too low for the larger tractor cabs and large bale trailers.

There is an access which is further down the field closer to the bend which is now not used because it was too close to the bend.

The new access on the straight part of the road would replace this more dangerous access.

The new vehicular farm access would solve these problems.

Subject: WA/68/17PL - Vehicular farm field entrance adjacent to The Meads, Barnham Lane, Walberton

Dear Mr Pope,

I am the case officer for the above application. Before I proceed to consider your proposal further I would appreciate your confirmation as to how the field is currently accessed, why this no longer appropriate and why a new access is now required.

I would appreciate receipt of this additional information within the next 14 days

Regards

Anita Gardner
