Please upload onto Ocella the email below which is a representation to outline planning application WA/68/20/OUT.

Thanks,

Michael

Good morning.

I hope you are well.

Regarding the planning application above, I for one do strongly oppose.

However, I know, for me to oppose to a required level, I need to do some groundwork.

Looking at the documents currently available online, I can see a fairly poor effort in response to the bat population and habitat. I am unable to see anything regarding the newts that have been living for many, many years and I believe a survey is due to be carried out?

What I'm initially after is copies and supporting documents for WA/2/65 and WA/25/65A.

Previously I have been able to visit and obtain from your offices, however I think perhaps that the public would not be able to do so at the moment.

Also, am I right in that there is a neighbourhood plan between ADC, Walburton and SDC until 2031?

Thank you for your time.

Take care and keep safe

Kindest regards

Tina
