Description of works: Variation of condition 13 imposed under WA/18/19/PL relation to updated (July 2021) Arboricultural Impact Assessment.

Thank you for your internet representation made on 29th July 2021 which has been recorded as an objection with the comments as follows:

OWPC38938

This is absolutely the most dangerous idea. The sheer volume of traffic that will use Tye Lane will mean traffic stuck at head on position! It will also be dangerous with that amount of traffic passing through the village with the school entrance on the route! No research has been put into this decision surely. Even a child could point out the flaws in this idea.

Your views as made above will be considered before the application is determined.
