Dear Sir/Madam,

Town & Country Planning Act 1990 (as amended)
Town and Country Planning (Development Management Procedure) (England) Order 2015

Application No: WA/68/26/PL
Site Address: The Greenway West Walberton Lane Walberton BN18 0QS
Description of works: Construction of a self-build/custom build single dwelling, with garage outbuilding and associated works. This is a departure from the local development plan and is in CIL Zone 3 and is CIL liable as a new dwelling.

Thank you for your internet representation made on 17th September 2026 which has been recorded as an objection with the comments as follows:

OWPC87234

Essentially we object to the planning application

A property built on the plot would cause direct issues to us as property owners, as the only access to the site is along a narrow unsuitable track which clearly would provide challenges for commercial vehicles, but even more so for emergency services. This narrow track is sited immediately adjacent to our boundary and would cause issues in addition to losing privacy but will cause noise and dust problems, this would be in addition to significant disruption during any build period of around 12 months

The subject plot is in reality garden which should remain as such to protect all surrounding neighbours and any existing wildlife that co exists

I understand that there are additional concerns over the ability to provide sufficient drainage to the site and this may cause potential flood issues

I believe that consenting for planning to permit a residential dwelling conflicts with with policy for back land development and along with aforesaid reasons the application should be refused
