31st October 2017

Dear Sir/Madam

Town & Country Planning Act 1990 (as amended)

Town & country Planning (Development Management Procedure) (England) Order 2015 - Article 5

Outline Planning Application with some matters reserved for up to 157 No. residential dwellings including 30% affordable. This application is a Departure from the Development Plan.

Land East of Wandleys Lane and West of West Walberton Lane Fontwell

Thank you for your internet representation made on 30th October 2017 which has been recorded as '**an objection**' with the comments as follows:

*i object 100% to this proposed site , it would be detrimental to the surrounding area , to the wildlife to the actual area the sewage , this area is not of a size that could cope with this amount of houses in one area, these are lanes all the way round their is no way the people in the area could cope with the amount of traffic chaos this would cause , the facilities are such that they suit a village not correct for a development of this size , we back right onto this and as such would loose all our privacy plus the amazing wildlife and woodland our trees are all protected by TPO'S for a reason , to even consider these plans are an outrage , their are bats , which fly in and out of our garden , hedgehogs , deer toads hawks and so on. their are horses regularly on the lane, apart from all this what about the older people , they walk up and down these lanes .these lanes would never cope with more traffic , its dangerous enough now with people speeding up and down them using them as a short cut , if anything i think wandleys lane should be shut at one end to preserve it and save the area form any more devastation , you planners need to realise that villages and small hamlets are not able to cope with big projects like this, it ruins everything these places stand for .
mr m m beeney and g r beeny*

Your views will be considered before the application is determined and I shall write to inform you of any decision made.

Please be aware that if the application is to be determined by the Council's Development Control committee and your letter has been received at a late stage after the Agenda has been published you will not receive a separate letter notifying you of the date of the meeting and procedures for public speaking. In such circumstances it is recommended that you track the progress of the application on the Council's website or telephone the Council for further information. Please be advised that any comments you make that are not included within the Committee Agenda will be reported to the Members of the Development Control committee. Please also be aware that only a small number of all planning applications received go the Development Control Committee. Most are determined under delegated powers by Officers in which case your comments will again be considered before the application is determined.

Please be aware that Planning Services operate an 'open file' policy and will publish details of your comments on the internet on the Arun District Council Planning section. Please ensure that you only provide information that you are happy will be made available in this way. If you supply information belonging to a third party, please ensure you have their permission to do so. If you do

not wish your comments to appear on the 'open file' please confirm this in writing and I will arrange for it to be destroyed although this means that its contents will then be disregarded.

In the event of a subsequent written representations appeal, against a refusal of planning permission on a householder application, any representations made on the application will be automatically forwarded to the Secretary of State. Unlike all other types of appeal, there will be no further opportunity to comment at the appeal stage.

Yours faithfully

Neil Crowther
Group Head of Planning
