Hi Stephen, Dear Juan

I see no mention within the WSCC Highways consultee's comments paper of the existence of the Bognor – Barnham - Walberton – Slindon- Bognor/South Downs Way cycle route running along West Walberton Lane to the junction with Wandleys Lane and then along Arundel Road Fontwell to reach the horse/cycle/pedestrian subway beneath the A27.

This is an existing and well-used route, signed, and about to be improved along Arundel Road, Fontwell by WSCC in new year 2018.

Please refer to the attached map.

I have concerns that this has not been properly considered in any transport statement and that the additional traffic will have an adverse affect on current and future users of this important north-south cycle link and access to the SDNP, particularly from Barnham Railway Station and greater Bognor.

Are commuted sums or conditions being considered to create a cycle/footway link southwards to safely access local secondary schools in Westergate and Barnham?

Your comments, please.

Regards

Derek Whittington
WSCC Member for Fontwell Division
Chairman WSCC Rights of Way Committee
