Dear Sir/Madam.

I have seen the proposal from Welbeck Land to build 157 high quality homes in Fortwell.

Here are my views: -

1. Yet another planning application.
2. Hasn't Fortwell got enough with the big development opp. the racecourse & more at the top of West Walberton Lane.
3. Where are the homes for those who cannot afford high quality. We are constantly told by Govt. that we need starter homes.

The quality of life for residents in Fortwell & Walberton is fastly being eroded. I came to live in the countryside, in a village & I am now faced with more traffic, more noise, fumes, disruption to daily life & poorer services due to the demands of more houses.

Arun Dist. Council needs to say enough is enough. or else we will cease to be a Village.

Yours faithfully.
