I would like to register my strongest opposition to this ridiculous planning application.

Firstly, it is totally contrary to our recently completed and approved Neighbourhood Plan.

Secondly, It will increase the density of population in what is already an overstretched rural area in terms of medical and educational facilities - soon to be even more so with the addition of over 400 new houses close by at Fontwell Meadows.

Thirdly, the access proposed via the already dangerously overused, narrow country lanes - specifically West Walberton Lane and Wandleys Lane are truly unimaginable. These lanes are already dangerous and rally unsuitable for existing traffic - the addition of so many more house will surely lead to disaster.
