Subject: WA/73/17/OUT

I am writing to object to these plans these are detrimental to this area and the wild life Which is plentiful Barn owls,toads deer, hawks,etc Then their is the issue that Wandleys Lane is a lane and is protected as a lane We have to put up with enough people speeding up it using it as a shortcut ,so dangerous when you have older people walking their dogs , people on horses . You're council is trying to over populate a tiny area , within a small area the land around us is used for farming and grazing This is a disgrace to use it in any other way My home backs straight onto the field so my privacy is also gone I chose to live here because of the area To build this up is to ruin the integrity of a Area that really should be protected Planners never look further than their pockets I feel very saddened that this area could be spoilt Especially with housing that is not in keeping and will be crammed in causing total mayhem with traffic In these lanes My family consists of a old age pensioner who struggles at present getting out on the road you would make this 1000 times worse Regards m m Burton M m Beeney and G r Beeney
