Subject: Welbeck Planning application for 157 homes on the fields off Wandleys Lane. WA/73/17/OUT

Dear Sirs,

RE WA/73/17/OUT

I write to object to the above application.

As a resident of the area I am very concerned that is is contrary to our Neighbourhood Plan which has overwhelmingly been supported by the residents.

This is yet another application for a development in our district which would totally ruin the rural character of the area and is totally unsuitable for and would be unsustainable by the infrastructure of the local environment

I write in support the Parish Council's representation which has been submitted in objection to this application.

Yours faithfully

Selby O'Connor
