I would like to register my objection to the above planning application as it is contrary to our Neighbourhood Plan. Furthermore, I would like to say that I fully support the Parish Council's representation which has just been submitted.

It is absolutely incomprehensible to me why you would even consider the current plethora of planning applications from large building companies for small commuter homes on current green space, which can only destroy the future of agriculture and the few remaining Sussex villages which so appeal to our visitors to the area.

It is no wonder that the public view of those resident in the areas concerned believe bribery and corruption to be at the heart of the matter when Neighbourhood plans are ignored and designated green space rulings overturned by local councils, because they don't agree and no reasons given.
