I am writing to state my objection to the Welbeck Planning application for 157 homes on the fields off Wandleys Lane.

It is contrary to the Walberton Neighbourhood Plan and is not in keeping with the individual village ethos or helping to conserve the green belt. I am also seriously concerned at the prospect that a development of this sort would generate more traffic in an area already not built for it and with no mention of extra medical facilities, schools etc.

I support the Parish Council's representation which has just been submitted.
