I would like to protest against the above planning application and confirm my support for the recently submitted Parish Council representation concerning the Welbeck planning application. This planning application conflicts with our Neighbourhood Plan that highlights local residents' objections to large housing developments and majority preferences for infilling and small plot builds. This Wandleys Lane development will increase vehicle traffic in all the surrounding country roads not made for higher volumes of vehicles and adding severe congestion to the larger roads and roundabouts. Public transport is limited and not suited to commuters. This is a very rural area with limited resources and facilities to cater for such a large development and therefore I oppose the application.

Yours sincerely

Jane Chew
