I wish to object to the above application to build 157 new homes on the eastern side of Wandley's Lane in Fontwell. This amount of new houses – on top of those which are going to be built on the land east of Fontwell Avenue – will totally change the character of the rural/semi-rural environment around Fontwell and Walberton and transfer it into an urbanized area. This is unacceptable and contrary to the wishes of the population in this area. The open fields and the ancient woodland of Wandley's Copse should be preserved. The further increase in the volume of traffic as a consequence of this project would totally overwhelm the existing rural/semi-rural infrastructure in and around Fontwell and Walberton. There can therefore only be one reasonable decision: reject the application!

Yours faithfully,

Dieter Matthey
Fontwell
