Dear Arun District Council

Ref Planning Application WA/73/17/OUT

I wish to object against the above referenced planning application

Walberton is a rural village in a buffer zone between the South Downs national park, and the expanding development along the south coast. If this is allowed to continue at the pace which ADC seems to be wishing, then all areas south of the A27 will become an urban sprawl

The development is completely against our neighbour plan This seems to have been completely ignored recently

The roads of the area will not be able to cope with the increased traffic, especially down West Walberton Lane, which is constantly in need of repairs. The road is a disgrace already, and the Street is dangerously congested at school drop off times

This is a down side village, please try and keep it this way. We have co-operated with ADC and prepared a neighbour hood plan, which fulfilled all the requested criteria. This should be honoured.
