Subject: proposed development off Wandley's Lane

Dear Sir or Madam,

re WA/73/17/OUT

I am writing to object to the proposal to build a large number of homes off Wandley's Lane. It is contrary to the neighbourhood plan.

I am particularly concerned about the increased level of traffic in West Walberton Lane. This is already dangerous enough for pedestrians and cyclists. Also, West Walberton Lane tends to develop a large number of potholes. I am also concerned about an increased level of traffic coming through Walberton.

I think this proposed development is too large for a small village to accommodate.

I fully support the parish council's representation which has recently been submitted.

Yours faithfully,

Malcolm Castle,
11 Pound Road, Walberton, BN18 0PU.
