UPDATED COMMENTS in relation to Dormice and Barn Owls - 22.11.2017

APPLICATION NO: WA/73/17/OUT

Site Address: Land East of Wandleys Lane and West of West
Walberton Lane Fontwell

Description of Works: Outline Planning Application with some matters
reserved for up to 157 No. residential dwellings
including 30% affordable. This application is a
Departure from the Development Plan.

Dormice

Following submission of the Dormouse Survey(November 2017), we are happy that the mitigation proposed would be suitable. A condition should be used to ensure this takes place. The applicants should be aware that a Natural England Protected Species Licence will be required for the works, and this will need to be obtained prior to any works taking place.

Barn Owls

We are satisfied with the updated information regarding barn owls and are satisfied that no further work for barn owls is required.

Kind Regards

Liz

Subject: WA/73/17/OUT: Land East of Wandleys Lane, Fontwell - Ecological Reports

Dear Mr Eastham,

I refer to the above outline planning application for which ECE Planning are the agent.

In response to the email from the Environment Officer at Chichester District Council, dated 26 October 2017, please find attached the following documents:

- A response from the Ecology Partnership to Alice Brighton of Welbeck Land in relation to **Barn Owls**;
- A **final Dormouse Survey** to replace the interim report submitted with the planning application.
- A **final Bat Activity Survey** to replace the interim report submitted with the planning application.

We trust these studies address the relevant issues raised by the Environment Officer. We will be submitting a full Ecological Enhancements and Mitigation Strategy shortly.

I would be grateful if you could confirm receipt of this email.

Please let me know if you have any queries.

Kind Regards

Ben Daines MRTPI
