**Highways England Ref:** Tracker #11782

Dear Mr Cole,

Thank you for your consultation of 10 November 2020 regarding the planning application referenced above.

Highways England has been appointed by the Secretary of State for Transport as strategic highway company under the provisions of the Infrastructure Act 2015 and is the highway authority, traffic authority and street authority for the strategic road network (SRN). The SRN is a critical national asset and as such Highways England works to ensure that it operates and is managed in

the public interest, both in respect of current activities and needs as well as in providing effective stewardship of its long-term operation and integrity. We will therefore be concerned with proposals that have the potential to impact the safe and efficient operation of the SRN.

We are satisfied that the proposals in this application for approval of scheme phasing for construction will not materially affect the safety, reliability and/or operation of the Strategic Road Network (the tests set out in DfT Circular 02/2013, particularly paragraphs 9 & 10, and MHCLG NPPF 2019 particularly paragraph 109) in this location and its vicinity. Accordingly we have no objection to the approval of details reserved by condition 5 of planning permission APP/C3810/V/163143095 (WA/22/15/OUT) relating to phasing for construction.

If you have any queries regarding this response, please contact us at

Kind regards,

**Elizabeth Cleaver, Assistant Spatial Planning Manager**
