COLOURFENCE

VIRTUALLY MAINTENANCE FREE

Protect against Winter, prepare for Spring!

I've wasted countless days and a small fortune, trying to repair and maintain tired wooden fences that looked dreadful and always required yet more work. Discovering Colourfence has changed things forever!

It's scientifically tested and rated to ensure when professionally installed it can withstand wind gusts of up to 130mph. This year when my neighbours are facing post-storm repair bills and maintenance, I'll be relaxing in the warm as Colourfence is virtually maintenance free. As Colourfence offers a lasting solution to fencing woes, it's easy to see why many regard it as the premier steel fencing solution on the market. Colourfence won't rot and it resists weather that quickly damages wooden fences; it has

nothing lasts forever. Particularly timber fencing. That's why Colourfence (with its 25 year guarantee*) is popping up in gardens all over the UK.

none of the drawbacks of wood but plenty of added benefits and it's better value too! High quality AND great value – it's a customisable product with a variety of colours and styles offering a first rate finish. The materials and fitting are so good that Colourfence is guaranteed* for 25 years!
