Dear Sir/Madam,

Town & Country Planning Act 1990 (as amended)
Town and Country Planning (Development Management Procedure) (England) Order 2015

Application No: WA/93/20/PL
Site Address: Land East of Tye Lane Walberton BN18 0LU
Description of works: Alternative vehicular access off Tye Lane & emergency access off Avisford Park Road, along with minor highway works following WA/95/18/RES. This site is in CIL Zone 2 (Zero Rated) as other development.

Thank you for your internet representation made on 19th January 2021 which has been recorded as an objection with the comments as follows:

OWPC33049

I strongly object to the change of access to this development. Tye Lane is in the centre of the village joining The Street at a T Junction. Making the primary access in this road will mean far more traffic entering the Street as most cars, delivery van's etc will have to use this route. Tye Lane, is barely wide enough for 2 vehicles to pass as it is and not suitable for heavy volumes of traffic. It does not seem to make any sense to move the access from Yapton Lane, where traffic can access the site, the A27 at a safer (filter) junction or head towards Ford/Littlehaption all without increasing traffic through the main village. At school drop off and collection times the narrowness of The Street makes it incredibly dangerous for children to cross or even walk safely on the pavements at times. We should be looking at reducing traffic through the village not increasing it.

Your views as made above will be considered before the application is determined.
