Emergency Access - 23122020.pdf

Essential maintenance is being carried out to the planning, building control and local land charges database during the week commencing 12 April 2021.

During this time there will be no public or staff access to any records held within this database, and it will not be possible to carry out any of the following tasks via the Arun website:

- Research planning and building control history
- View any planning applications, plans, agreements, tree preservation orders or competent persons data
- Submit building control applications
- Submit planning application comments
- Report any planning compliance issues

The publicity and consultation period for all planning applications that fall over this week will be extended by a further week to ensure no one is disadvantaged.

All other aspects of planning, building control and local land charges will be limited during this week and you are strongly advised to contact the individual departments before 12 April 2021 for specific restrictions during this time.

Good afternoon Michael

Further to our meeting this morning I now have to hand details of the highway modelling work as well as the following as promised:

- HE Analysis Mitigation Scheme for the Fontwell West Roundabout – dwg ref 183248 – 004A
- Revised Emergency Access – dwg ref 23122020

Kind Regards

John Longhorn
