Dear Sir/Madam,

Town & Country Planning Act 1990 (as amended)
Town and Country Planning (Development Management Procedure) (England) Order 2015

Application No: WA/93/20/PL
Site Address: Land East of Tye Lane Walberton BN18 0LU
Description of works: Alternative vehicular access off Tye Lane & emergency access off Avisford Park Road, along with minor highway works following WA/95/18/RES. This site is in CIL Zone 2 (Zero Rated) as other development.

Thank you for your internet representation made on 28th April 2021 which has been recorded as an objection with the comments as follows:

OWPC35526

Tye Lane is deceptively narrow even if you meet another car, but you have to reverse into a passing area if you meet a lorry. It is not suitable for a huge increase in traffic. Similarly, traffic from Tye Lane will have to turn into The Street and again it is too narrow, with on street parking at all times of the day but increased during school drop off and pick up times. I have seen several lorries and busses get trapped in The Street, blocking all traffic for periods. I am opposed to the grey A27 route, but my understanding is that it is not finally approved anyway. The developer should negotiate with HE if the grey route is approved. Tye Lane is not suitable at all for access to this large development.

Your views as made above will be considered before the application is determined.
