Dear Sir/Madam,

Town & Country Planning Act 1990 (as amended)

Town and Country Planning (Development Management Procedure) (England) Order 2015

Application No: WA/93/20/PL

Site Address: Land East of Tye Lane Walberton BN18 0LU

Description of works: Alternative vehicular access off Tye Lane & emergency access off Avisford Park Road, along with minor highway works following WA/95/18/RES. This site is in CIL Zone 2 (Zero Rated) as other development.

Thank you for your internet representation made on 29th April 2021 which has been recorded as an objection with the comments as follows:

OWPC35563

This development will have a significant impact to the lives of the people who live in the area and will have negative impact upon the conservation area. It means a large increase of traffic, congestion, pollution and noise, all connected with serious health problems, such as asthma, health heart risks, stress, headaches, cough, frustration, and so on.

This access is designated as a footpath and it is used by walkers and children. The development would be hazardous to pedestrians, particularly at school dropping and collection time. Walberton's primary school is not far from this road proposal. In the UK road traffic noise has been found to cause dissatisfaction with the classroom environment among teachers. It has also been found that exposure to traffic noise has a detrimental effect upon children's reading ability and attention.

Your views as made above will be considered before the application is determined.
