Dear Sir/Madam,

Town & Country Planning Act 1990 (as amended)
Town and Country Planning (Development Management Procedure) (England) Order 2015

Application No: WA/93/20/PL
Site Address: Land East of Tye Lane Walberton BN18 0LU
Description of works: Alternative vehicular access off Tye Lane & emergency access off Avisford Park Road, along with minor highway works following WA/95/18/RES. This site is in CIL Zone 2 (Zero Rated) as other development.

Thank you for your internet representation made on 2nd May 2021 which has been recorded as an objection with the comments as follows:

OWPC35668

I strongly object to Avisford Park Road becoming an emergency access. The upkeep of the road is the residents' responsibility, therefore the increased traffic, especially large vehicles, would mean a larger cost of maintenance. The road is currently too narrow to allow two vehicles to pass each other in most places, I doubt a fire engine could travel to the end of the road in less time than using an alternative route, should there be visitors' vehicles parked on the side of the road. Since Avisford Park Road is not only a residential road, but is also a public footpath, it would not be safe for pedestrians to walk down our road with emergency vehicles travelling at fast speed. Finally, if Avisford Park Road was to provide emergency access to the Linden Wates development, what is the guarantee that it would not become a permanent one, should the residents of the development decide it would provide a shortcut?
