Dear Sir/Madam,

Town & Country Planning Act 1990 (as amended)
Town and Country Planning (Development Management Procedure) (England) Order 2015

Application No: WA/93/20/PL
Site Address: Land East of Tye Lane Walberton BN18 0LU
Description of works: Alternative vehicular access off Tye Lane & emergency access off Avisford Park Road, along with minor highway works following WA/95/18/RES. This site is in CIL Zone 2 (Zero Rated) as other development.

Thank you for your internet representation made on 6th May 2021 which has been recorded as an objection with the comments as follows:

OWPC35781

To even consider putting a main access to a new housing estate into Tye Lane is ludicrous. This was originally requested simply as a temporary access for the developments large plant vehicles and for emergency vehicles only. The relevant word being temporary. Tye Lane is a very small road with twists and turns and is used frequently by local residents. If and when the A27 is ever built the plan for the Grey route as it stands at the moment closes the north end of Tye Lane meaning all traffics from the new estate will then have to come into the village via The Street to exit it or meet the A27 by going up West Walberton Lane. A small village like this cannot just be bulldozed by builders into submission when it was not part of the original plans and therefor never approved. And shouldn't be.

Your views as made above will be considered before the application is determined.
