Dear Sir/Madam,

Town & Country Planning Act 1990 (as amended)
Town and Country Planning (Development Management Procedure) (England) Order 2015

Application No: WA/93/20/PL
Site Address: Land East of Tye Lane Walberton BN18 0LU
Description of works: Alternative vehicular access off Tye Lane & emergency access off Avisford Park Road, along with minor highway works following WA/95/18/RES. This site is in CIL Zone 2 (Zero Rated) as other development.

Thank you for your internet representation made on 12th May 2021 which has been recorded as an objection with the comments as follows:

OWPC36079

As many have observed the 'collision' of the interests of HE and Linden Housing is beyond belief! This so called solution would only reduce the quality of life for both current and future residents of Walberton. The concept of overcrowded local roads, already under pressure, with increased noise and pollution is bleak. Speed restrictions and safety measures are already needed.

The SDNP, HE, local authorities must liaise responsibly to arrive at a sensible and suitable solution, neither of which would be established with this application. Why destroy the community of Walberton and those to the east for the sake of this road.

This application must be refused and HE obliged to retain an access to Avisford Grange via Yapton Lane, should it finally obtain permission for their awful and expensive project.

I look out at the ugly gap in Tye Lane opposite my home with despair and sympathise with the residents of Avisford Park Road.

I strongly object.

PS Take a tip from the Dutch who appear to consider their infrastructure with their communities in mind. A good example is the history of the canal in Utrecht which was filled in for the sake of a multi lane highway. The mistake was later recognised, the road removed and the canal reinstated. It has been a great success.

Lesson? Think again.

Your views as made above will be considered before the application is determined.
