Thank you for your internet representation made on 14th May 2021 which has been recorded as an objection with the comments as follows:

OWPC36266

Planning application WA/93/20/PL: Land East of The Lane, Walberton.

I object to this planning application for all the reasons stated on the email from Walberton Parish Council dated 7 May 2021.

This application is premature, being based on a contingency plan that may not happen; that the proposed A27 route will block the existing access. This potential risk was known when the original planning application was approved.

It will result in an increase in traffic travelling through the villages of Walberton and Fontwell. Tye Lane is significantly narrower than Yapton Lane for vehicle movements. The reduced road width to accommodate the new access point increases the danger to pedestrians, cyclists and vehicular traffic.

A number of Traffic Flow Diagrams are provided to illustrate changes in traffic flow patterns. However, they seem to have incorrect data. It is not clear whether the application is based on Tye Lane being open or closed at the A27.

Your views as made above will be considered before the application is determined.

Please be aware that Planning Services operate an 'open file' policy and will publish your comments including your name and address on the website. Please make sure that you have only provided information that you are happy will be published in this way. However, if your representation has been received after the agenda for the meeting has been finalised and the notifications have been generated, you will not receive notification. In this case, you will need to track the progress of the application on the council's website <https://www.arun.gov.uk/weekly-lists>

Any comments that are received after the agenda has been finalised will be separately reported to the members of the Planning Committee.

Regardless of how the application is determined I will notify you of the decision.

Yours sincerely

Neil Crowther
