Hi Laura,

Please see the email below from ADC Greenspace to **WA/96/19/DOC** and **WA/94/19/NMA**.

I look forward to receiving the amended plans.

Kind regards,

Michael

Hi Michael

I have spent considerable time this morning checking through the detail contained and in relation to the above conditions.

WA/95/19/DOC Condition 5 – Golf netting **I am happy to recommend discharge** of proposals under the revisions submitted (consultation to follow)

WA/96/19/DOC Condition 11 Landscaping and **WA/94/19/NMA Condition 1** landscape plans (addition of thicket detail behind golf netting) These drawing do not give the detail of which thicket mix is where ie Thicket Mix 1 & 2 and DWG CSA/3823/109 & CSA/3823/110 state for thicket mix plant label CSA/3823/**108** **however this information is not contained in dwg 108 therefore these dwgs that reference thicket mix and the missing detail need amending.**

Regards

Sue

Importance: High

Hi Sue and Mark,

Are you satisfied with the proposed amended landscaping plans and the revised Arboricultural Impact Assessment (AIA) for the golf netting at Land East of Tye Lane, Walberton covered by **WA/94/19/NMA, WA/95/19/DOC and WA/96/19/DOC?**

I look forward to receiving your response(s).

Thanks,

Michael

Hi Sue and Mark,

Please see the email below and the attachments which set out the proposed revisions to the golf netting at Land East of Tye Lane, Walberton (WA/94/19/NMA. WA/95/19/DOC and WA/96/19/DOC).

I look forward to receiving your consultation response(s).

Thanks,

Michael

Email 5 – final

Email 2

Hi Michael,

Please find enclosed in the following emails the revised plans for the golf net and associated applications. It has been extended to the back edge of the 1st tee and the position of the foundations which vary on the height of the fence shown on the plans. As a result we have shifted the SWALE slightly as much as possible on the site to ensure the foundations are clear of the SWALE and there is a reasonable level of access for maintenance. This is the best that can be achieved with the various constraints in this area. There is a cross section included which shows the typical details. Overall, I hope this addresses the remaining issues and that the details can now be approved.

Kind regards,
