Richard - Please see the email below which contains a request from the Mark Warwick in relation to the AIA, can you update accordingly so that we can provide him with an updated copy asap on our return in January.

Michael – as this is in hand, I propose an extension of time until **10th January** which should provide sufficient time to get this document back to you and for Mark to review.

Kind regards,

Hi Laura,

Please could you instruct Barton Hyett / Arboricultural Consultants to provide an updated **Arboricultural Impact Assessment and Method Statement (AIA & MS)** which includes a methodology for how the fences and railings are to be installed and what measures might need to be put in place to ensure no harm occurs to the ongoing health and vitality of retained trees. The report needs to include that work-stage in an auditable trail of site supervision and monitoring, to be provided in the form of brief report(s) and

photographic evidence where necessary. This needs to be included in the **AIA & MS**, p10, sect.6.9, **Sequence of Site Operations and Compliance Action Requirements**.

Kind regards,

Michael
