Hi Michael,

I have been reviewing the consultation responses as they come in and I note the response from Sports England. We welcome their support for this application which includes the tennis courts but I note that they have asked for a condition requiring more details of the specification of the tennis courts. I would like to draw attention to the attached submitted plan which provides the specification and confirm that, at present, there are no proposals for floodlight of the courts. On this basis, I trust that this is not something that needs to be conditioned on the RM.

Kind regards,

**Laura Humphries**
