Comment from Greenspace

Further to submission of additional information re landscaping contained in dwgs 3823-101-111 Rev A and supported in letter ref LHU/P18-1110 I can confirm that the detail has addressed the issues raised and the design changes that were discussed.

We can confirm ADC's support of the change in detail from MUGA to Tennis Court (Parish maintained) and note the proposed footpath amends to support both this and the LEAP play areas. The outstanding query would be for confirmation to be provided of footpath surfacing in these areas; which would be assumed to be a tarmacadam finish as opposed to the more informal pathways through the grassed POS areas?

I can confirm that subject to the confirmation and approval of pathway finish requested above, I would therefore recommend approval of the landscape detail contained in this reserved matters application WA/95/18/RES following outline consent WA/44/17/OUT.
