Michael Eastham

11th March 2019

Dear Sir/Madam

The Town & Country Planning Act 1990 (as amended)

Town & country Planning (Development Management Procedure) (England) Order 2015 - Article 6

Approval of reserved matters following outline consent WA/44/17/OUT for the erection of 175 No. dwellings, car parking including garages, internal access roads, footpaths, parking & circulation areas, hard & soft landscaping, allotments, play areas/equipment & community orchard & other associated infrastructure & engineering works. This application may affect the character & appearance of the Walberton Village Conservation Area.

Land east of Tye Lane Walberton

Thank you for your internet representation made on 8th March 2019 which has been recorded as '**support**' with the comments as follows:

The Gateway Feature and proposed name plate is aesthetically pleasing.

Change to links should provide more accessibility to the existing facilities and residential areas but there is local concern that it could lead to problems with parking on Avisford Park Road and Tye Lane.

We are pleased to see that house design close to the Conservation Area is more sympathetic and that the landscaping to the northern boundary has additional further planting.

We would also like to take the opportunity to comment on the Construction management plan - pleased to see wheel cleaning, materials and storage away from residential areas.

We have noted the most recent architectural minor amendments and while we agree with the suggestions made by Arun we have no further comment to the changes.

We believe that the tennis courts will enhance the new and existing community and would like to thank all parties for their work in providing this facility to our Parish.

Unfortunately it is not possible for the council to respond to each representation individually but your views will be considered before the application is determined and I shall write to inform you of any decision made.

If the application is to be determined at the Development Control Committee and your letter has been received after the agenda has been published, you will not receive a separate letter notifying you of the date of the meeting and the procedures for public speaking. In such circumstances, it is recommended that you track the progress of the application on the website or telephone for further information. Please be advised that any comments received after the the Development Control Agenda has been produced will be reported to the meeting. Please also note that only a small number of all planning applications are determined at the Development Control Committee, most are determined by officers under delegated power.

All representations are published on our website so please make sure your views are clear and only include information that you are happy for the public to view. Do not include personal information or information from third parties unless you have their permission to do so. If a complaint is received that permission has not been given for comments included about a third party, the Council reserves the right to redact/remove all relevant information. Do not include information that is defamatory or breaches equality or other legislation. If you do not wish your comments to appear on the website and on the file, please confirm this in writing and I will arrange for it to be destroyed, although this does mean that its contents will be disregarded. For details of what we do with your personal information please refer to our privacy statement comments on planning applications which is available on our website www.arun.gov.uk/planning-privacy-statements.

In the event of a subsequent written representations appeal, against a refusal of planning permission on a householder application, any representations made on the application will be automatically forwarded to the Secretary of State. Unlike all other types of appeal, there will be no further opportunity to comment at the appeal stage.

Yours faithfully

Neil Crowther
Group Head of Planning
