Hi Laura,

Further to my email of 23rd December 2019, set out below

Please could you instruct Barton Hyett / Arboricultural Consultants to provide an updated Arboricultural Impact Assessment and Method Statement (AIA & MS) which includes a methodology for how the fences and railings are to be installed and what measures might need to be put in place to ensure no harm occurs to the ongoing health and vitality of retained trees. The report needs to include that work-stage in an auditable trail of site supervision and monitoring, to be provided in the form of brief report(s) and photographic evidence where necessary. This needs to be included in the AIA & MS, p10, sect.6.9, Sequence of Site Operations and Compliance Action Requirements.

Kind regards,

Michael
