CONCLUSIONS

PRINCIPLE

In this case, the key policies are deemed to be D DM1 and D DM4 of the Arun Local Plan. Additionally, HP13 of the Walberton Neighbourhood Development Plan.

Policy D DM1 sets out 13 design aspects of which applications should be assessed against. These include: Character, Appearance, Impact, Innovation, Adaptability, Crime Prevention, Trees, Public realm, Layout, Public Art, Density and Scale.

Policy D DM4 sets out criteria for which applications relating to extensions and alterations of existing buildings must be assessed against. They generally seek to minimise the impact of the proposal on the character of the host dwelling, its neighbours and the locality.

Policy HP13 of the Walberton Neighbourhood Development plan states that where new development would have an effect on the appearance or character of the surrounding area, it is to be of a high quality of design, and must contribute to local character.

DESIGN AND VISUAL AMENITY

Due to the siting of the proposed development, there will be few views of the proposed development from within the public realm. As such, the extension is considered to have a significantly limited impact upon the character of the wider locality. Furthermore, the proposed extension is considered to appear subservient to the host dwelling, and well integrated with its built form. This is largely due to the modest scale of the extension, as its maximum height matches that of the rear slope of the host dwelling.

The proposed development is considered to accord with D DM1, D DM4(a) and (b) of the Arun Local Plan.

NEIGHBOURING RESIDENTIAL AMENITY

The proposed development is not considered to result in any harmful overbearing or overshadowing impact upon the occupiers of neighbouring dwellings. This is as a result of the aspect of the application site and the modest scale of the proposed extension. Furthermore, with regard to potential for loss of privacy to neighbouring occupiers, as a result of its single storey nature.

The proposed development is considered to accord with D DM1(3) And D DM4(c) of the Arun Local Plan.

SUMMARY

The proposed development is deemed to accord with relevant development plan policies and as such is recommended for approval subject to the following conditions.

HUMAN RIGHTS ACT

The Council in making a decision should be aware of and take into account any implications that may arise from the Human Rights Act 1998. Under the Act, it is unlawful for a public authority such as Arun District Council to act in a manner, which is incompatible with the European Convention on Human Rights.

Consideration has been specifically given to Article 8 (right to respect private and family life) and Article 1 of the First Protocol (protection of property). It is not considered that the recommendation for approval of the grant of permission in this case interferes unreasonably with any local residents' right to respect for their private and family life and home, except insofar as it is necessary to protect the rights and freedoms of others (in this case, the rights of the applicant). The Council is also permitted to control the use of property in accordance with the general interest and the recommendation for approval is considered to be a proportionate response to the submitted application based on the considerations set out in this report.

DUTY UNDER THE EQUALITIES ACT 2010

In assessing this proposal the following impacts have been identified upon those people with the following protected characteristics (age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex or sexual orientation).

The proposal would have a neutral impact on the protected characteristics.
