**Attachments:** FON-161-02 A - Surface Water Sewer Longitudinal Sections.pdf

Hi Nicky,

Please see the correct version of the required plan attached. Any questions please do not hesitate to make contact.

Kind regards,  
Sam

Hi Sam

Thank you for letting me know. I will keep the application on hold until the end of the week (in case of any delay).

Many Thanks

Nicky

Hi Nicky,

I am struggling to get through to your extension line, my phone is now on loud so I am available to talk. I have requested the correct plan from our drainage consultant and stressed the importance to send this over ASAP in order for the DOC to be validated. Therefore, I am hopeful the this can be done today.

Many thanks  
Sam

Hi Sam

The attached drawing number is FON-160-02-A Foul Water Sewer Longitudinal Sections, please attach FON-161-02-A Surface Water Sewer Longitudinal Sections.

I have also tried to call and left message .

Many Thanks

Nicky

Hi Nicola,

Sorry this was a typo on the name of the plan on my system, it should now be correct.

Thanks  
Sam

Hi Sam

The attached drawing is still incorrect. You have attached FON-161-01-A, I need FON-161-02-A.

Kind Regards

Nicky

Hi Nicky,

My apologies, looks like I am still rusty after the Xmas shutdown. Please see attached correct plan.

Kind regards,  
Sam

Good Morning Sam

With reference to your email and the attached plan, you have attached Dwg No FON-160-02-A, but the missing plan I had requested is FON-161-02-A.

Please send as a PDF and this will be uploaded to the application and the application can be validated.

Kind Regards

Nicky

**Subject:** FW: Request for further information WA/99/20/DOC  
**Importance:** High

Good morning Nicola,

Unfortunately I have only picked up this request for further information today due to the Christmas shut down and I am hoping we can provide the necessary information to validate the DOC application.

In relation to the items referred to on your letter, I have now uploaded the missing document 'Dwg No FON-161-02-A Surface Water Longitudinal Sections' to the Microsoft Teams link as well as attaching the file to this email. From previous experience, I appreciate that it can be difficult to access documents via email and hopefully this should suffice.

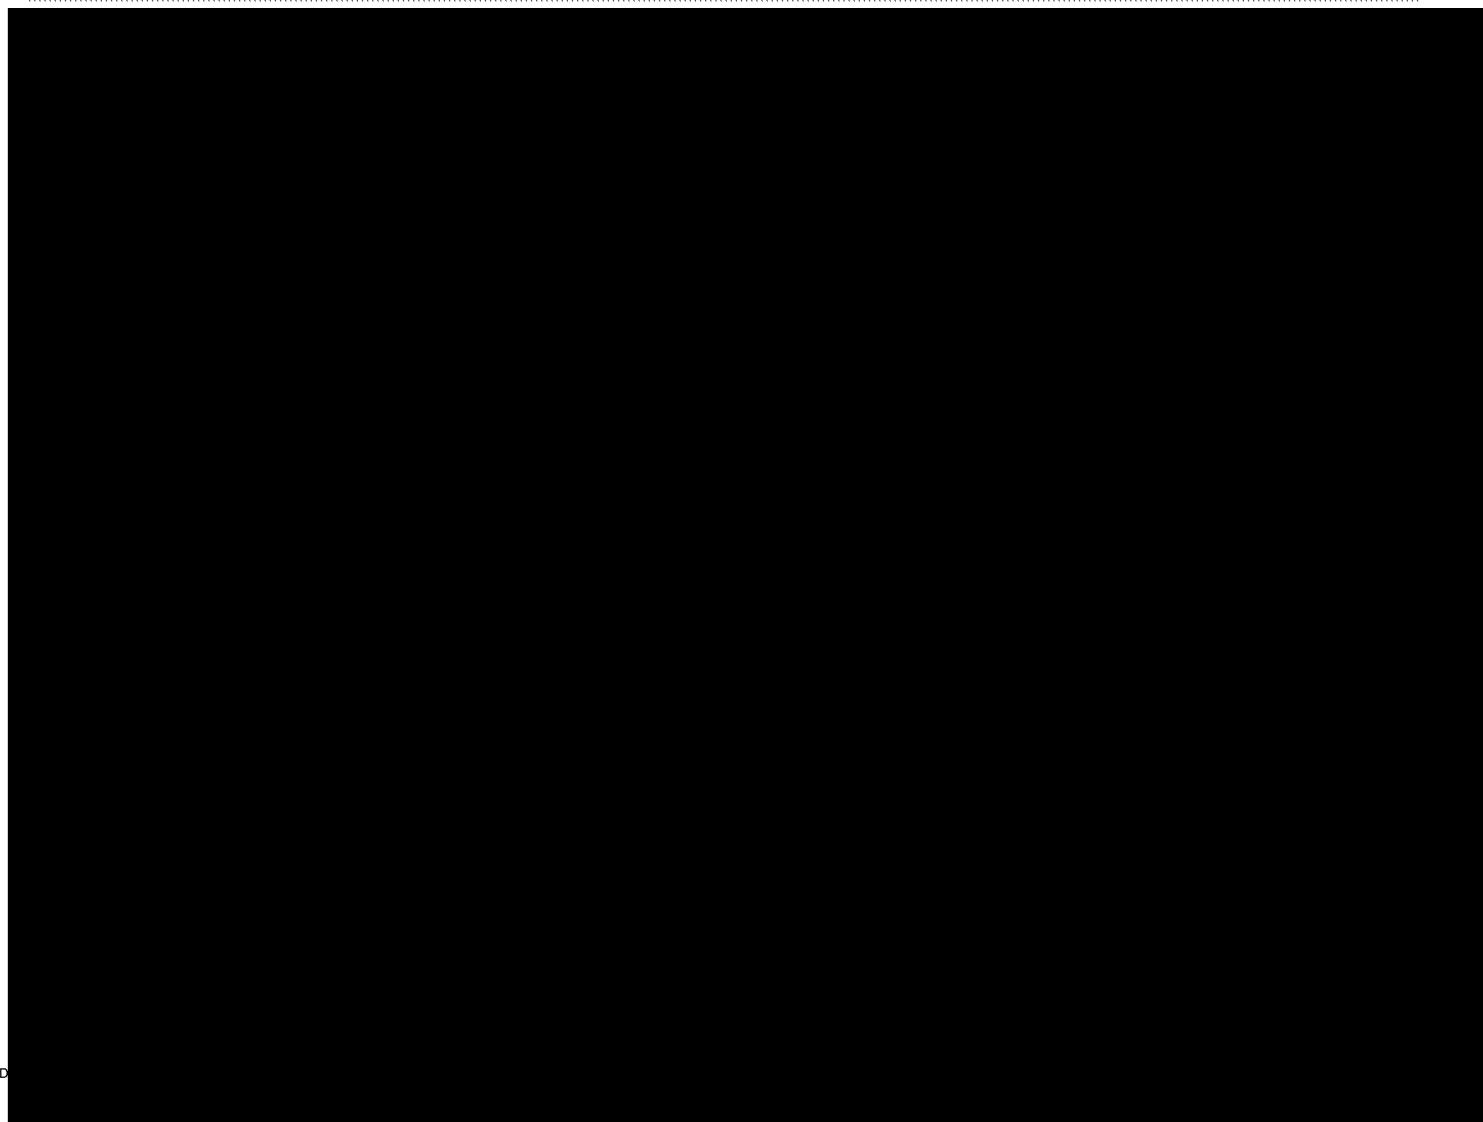

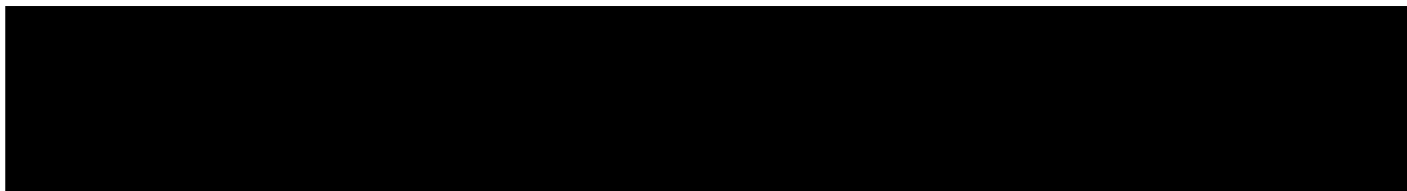

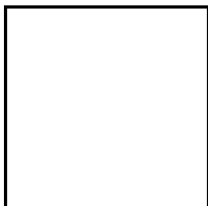

The second item on the letter which relates to condition 27, this was a typo internally and I can confirm that condition 27 has been submitted as part of this DOC application. The relevant information to support condition 27

has been submitted although should you have any difficulties accessing this, please request and I can upload/submit to you.

The letter requests the information to be provided **by 4<sup>th</sup> Jan 2021** and if you could confirm receipt of the information to ensure the application is validated this would be much appreciated. Should you have any further queries, please do not hesitate to make contact.

Kind regards,  
Sam
